Arlington, VA 22209-6432

Dear Citizens Stamp Advisory Committee:

It is with great pleasure that I write to encourage your support for the issuance of a stamp honoring Harvey Milk and his work in the LGBT movement for civil rights and equality.

As you well know, Harvey Milk is globally renowned for his dedicated leadership and commitment to equal rights. Despite his untimely death in 1978, he remains a symbol of hope for equality.

Harvey Milk was posthumously awarded the 2009 Presidential Medal of Freedom, our country's highest civil honor, and was recently inducted into the California Hall of Fame by Governor Arnold Schwarzenegger.

Mr. Milk was an exemplary leader whose tireless dedication to civil rights and social justice is deserving of the highest honors. For this reason, I urge your serious consideration of this request to issue a stamp celebrating the life, work and accomplishments of Harvey Milk.

Sincerely,

A handwritten signature in black ink, appearing to read "Ron Roberts".
